Boost™

The Boost™ Game has 2 parts: the pre-game in which every spin will help you up the trail and the spins which are awarded once you have gambled your way up the ladder.

Each tier has a different set of symbols removed from the reels.

Boost™

During the pre-game each spin can either award +1 increment or a random amount from the Boost (2-10).

Each spin has a 50% chance of keeping your trail progress, giving you an advantage on the next spin.

Boost™

Once you are on the trail you will have the option to gamble up your amount of Free Spins on a 50/50 chance. If you lose this you will go in on the ladder position below, if you are on the 1st position you will get 0 spins.

The Lucky Clover prize is fixed in Boost™.

Free Spins and Free Spins symbols are not available during Boost™.

The tier will determine the value of the Lucky Clover Symbol each time it lands:

Ultra+ - 20x

Mega Spins RTP: 95.83%
