Bonus Activation

The player enters the bonus by achieving 3 or more bonus symbols anywhere in view. There is no payout awarded directly for getting this, just entry to one of the bonus rounds.

The player will choose from the options displayed on the TV, revealing the bonus that has been awarded.

Don't Be A Buzzkill Bonus

Triggered by revealing Don't Be A Buzzkill during the Bonus.

Pick Beavis or Butthead to reveal one of the following outcomes: CASH ADD (adds a cash amount based on the player's total bet); BUZZKILL (increments the Kill-O-Meter. Filling the meter ends the feature).

If the loud speaker animates to make an announcement then the player can trigger any one of the 5 additional Bonuses.

This will happen each time a new Maxi Gulp Wild lands in view.

Additionally, there will also be overlays which can appear on any reel.

Feature Gamble

Whenever a Feature win is achieved in the game (except for Just Deserts Bonus), the player has the option to either PLAY the feature or GAMBLE to try and win one of the other features in the game.

If the player gambles and wins, the feature they have gambled to can be collected. This continues until the player collects, reaches the top feature (where it awards that feature) or the player reveals either Mystery Win or a previously awarded feature which is automatically collected (a mystery win is a cash value based on a multiplier of the player's total bet. Mystery Win 5-30xbet).

The odds of winning during the gamble feature are not necessarily the odds shown.
