After selecting the desired bet configuration, press **AUTO SPIN**, and choose how many spins to play at the current bet settings.

### ***Gigantic Wilds* Feature**

The *Gigantic Wilds* symbol is five symbols high, two reels wide, and contains 10

individual Wild symbols.

When it appears, it replaces adjacent symbols on the reel to its right.

The *Gigantic Wilds* symbols appear on reels 2 and 4 only, and substitute for all symbols except the Bonus symbol.

### ***King Free Spins Bonus***

The *King Free Spins Bonus* is triggered when a Bonus symbol appears on the first reel in combination with any number of scattered *Gigantic Wilds* symbols.

Bonus symbol appears on reel 1 in the base game only.

The *King Free Spins Bonus* awards 8 free spins. Any symbol positions that contained *Gigantic Wilds* symbols when the bonus was triggered become *Locked Wilds* and remain wild for the entire bonus.

The *King Free Spins Bonus* cannot be retriggered.

The *King Free Spins Bonus* is played on special bonus reels that also contain *Gigantic Wilds* symbols.

Free spins are played at the same total bet as the triggering spin.

### ***Multiplier Feature***

When the Bonus symbol appears on the first reel, without any scattered *Gigantic Wilds* symbols, a random multiplier (2x, 3x, 5x, or 10x) appears on the Bonus symbol and multiplies any wins.

### **Rules**

Misuse or malfunction voids all pays and plays.

All line win symbols must appear on a played line and on consecutive reels, beginning with the far left reel.

Line wins pay from left to right. Line wins are multiplied by the line bet on the winning line. Coinciding line wins on different paylines are added.

Bonus wins are added to line wins, and only the highest winning combination is paid.

Wins are shown in currency.

Wild symbol substitutes for all symbols except the Bonus symbol.

Wild symbol appears on reels 2 and 4 only.

Bonus symbol appears on reel 1 in the base game only.

The prizes are paid in accordance with the payout table available on the game interface.

In some jurisdictions, regardless of bet size, there is an award cap on any single transaction. See the paytable for details.

A transaction includes the results of the *King Free Spins Bonus* plus the outcome which launched the bonus.

If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.

## **Additional Information**

In addition to the features described in the How to Bet section, the Controls Bar displays the current balance in the chosen currency, the amount paid if a win occurs, and the amount bet on the last/current proposition.

### Interrupted Game

In the event of disconnection, an interrupted bonus feature may be resumed immediately by starting the game again. The results of a completed reel spin (where display of the visual result was interrupted) will not be re-displayed within the game but may be reviewed in My History.

Any amount wagered on an unfinished spin will remain paused until you either complete the game or the game is void as a result of account inactivity or system maintenance. When an unfinished spin is void, your bet will be refunded to your account. Any awards earned on an unfinished spin/bonus feature will not be credited unless you resume and complete the game.

Any game in progress for more than 30 days will be cancelled, and the corresponding bet will be refunded.

### Game History

The result of a completed game may be viewed in My History immediately after closing the game window. Results of unfinished games are not displayed in My History.

## Expected Payback

In accordance with fair gaming practices required in most legal jurisdictions worldwide, each and every game outcome is completely independent, except in cases where one spin unlocks a feature for a subsequent spin or series of spins, per the game rules. The odds of getting any particular outcome are always the same.

The odds do not vary based on prior outcomes, bet size, balance size, time of day, day of week, etc. For example, if the top award is won on a given play of the game, the chances of winning the top award on the next play are exactly the same. Likewise, prior losses do not change future odds.

The expected payback reflects the theoretical return across a very large number of plays by numerous players over an extended period of time. For this game type, the long-term theoretically expected payback is 92.1% to 96.1%. The results for any given player over a play session can vary widely from this long-term, expected average in either direction. The fewer the number of games played, the wider the normal variance of actual payback that may be experienced.
