Match 2, 3, 4 or 5 symbols across a valid win line to achieve a win

WINNING LINES

All games are played with 10 win lines.

Wins can occur across any or all of the winlines.

Only the highest award is paid per winning combination.

All line wins pay left to right only.

For a line win to be awarded symbols, or their substitute, must appear on adjacent reels, beginning with the leftmost reel, except for expanding symbol wins in the Free Spins.

WILDS

Substitutes for all symbols, except the expanding symbol in Free Spins once the symbol has expanded. Appears on all reels during the base game and Free Spins.

FREE SPINS

- 3 awards 10 Free Spins and 2X bet
- 4 awards 10 Free Spins and 20X bet
- 5 awards 10 Free Spins and 200X bet

At the start of the Free Spins, an expanding symbol is chosen at random. After the reels have landed and all line wins have been awarded, the selected symbol will expand vertically if there are enough expanding symbols present for a win. After expanding, the expanding symbol will pay in any position on all lines.

GAMBLE

The gamble can be configured to be on, on if the win is greater than or equal to 5x bet, or off.

If the gamble is on, any winnings awarded during the game will offer the gamble feature.

If the gamble is on and if the win is greater than or equal to 5x bet, any winnings greater than or equal to 5x bet awarded during the game will offer the gamble feature.

When the gamble is entered, two wheels are presented. The left wheel offers the chance to increase the winnings by one third, double the winnings, or triple the winnings.

The right wheel offers the chance to win Free Spins. The win value can be adjusted by pressing the '-' and '+' arrows, this in turn will adjust the winning and losing segments of the wheel.

Press either wheel during the feature to gamble your winnings and spin the pointer.

GAMBLE

If the pointer stops on the green segment, the cash value or Free Spins are awarded.

If the pointer stops on the red segment, the player loses their winnings and exits to the base game.

Press the 'COLLECT' button during the feature to collect your winnings.

SPIN CHANCE

Spin Chance is triggered automatically if the credit is reduced below the current price of play, yet is still greater than zero.

Spin Chance offers the player an opportunity to wager their remaining credit in an attempt at winning an additional spin at the current bet.

To play Spin Chance, select the 'PLAY' button to begin moving the pointer across the meter. Alternatively, select the 'NO THANKS' button to exit Spin Chance with the remaining credit.

If the pointer stops on the green segment, a spin at the current bet is awarded and plays automatically. If the pointer stops on the red segment, the player loses any remaining credit and exits to the base game.

The red and green segments are proportional to the amount of credit in relation to the current bet. The chance of winning a spin is determined by this ratio.

MAIN GAME CONTROLS

SPIN

Press to start playing at the current bet value.
Open Autoplay window by holding down.

BET

Pressing once will open bet window for you to adjust your bet amount.

AUTOPLAY

In the Autoplay options panel, select the number of autoplay and loss limit amounts. Autoplay countdown is automatic.

LEFT HAND PLAY

Swaps which side the buttons are placed.

GENERAL INFORMATION

GAME RECOVERY

In the event of an unexpected interruption / termination of a real play game, the game will recover to the last known state.

PAYBACK INFORMATION

The player's odds of getting any particular outcome are always the same.

The theoretical average return to player (RTP) for this game is 96.23%.

The RTP reflects the theoretical return across a very large number of plays over an extended period of time, and represents the long-term expected payback of the game which has been calculated by an independent testing company, in accordance with the required regulations.

The outcome of any play during the game is pre-determined. Player choices do not affect the outcome of the game unless indicated.

Malfunction voids all pays and plays.
