### WILD HERD

#### FULL GAME RULES

Wild Herd is a 5 reel, 4 row video slot. The game is a 'ways' game which pays from left to right. The 'CAR' is the scatter symbol. 3 or more scatter symbols on any reels will award free spins.

Free spins are played with the same stake and lines as the triggering game.

The maximum payout of this slot machine is 1250x stake. Any wins in excess of this amount will instead be limited to this maximum payout. It is possible that the operator has configured a win cap which differs from the 1250x win cap. If this is the case, it will not be possible to reach the 1250x win cap. Please contact the operator for further information.

Only the highest win is paid per way. Multiple wins across multiple ways will be added together.

#### MONEY RESPIN FEATURE

The 'SUNSET' symbols have prizes on them. Landing 6 or more 'SUNSET' symbols triggers the Money Respin feature.

All standard symbols are removed apart from the 'SUNSET' symbol. Respins then begin. 3 respins are available and count down with each respin.

Landing a 'SUNSET' symbol resets the respins available back to 3. Play ends when no 'SUNSET' symbols land in 3 consecutive spins. The values on the 'SUNSET' symbols are then added together and that value is awarded.

Some 'SUNSET' symbols show either 'MINI', 'MINOR', 'MAJOR' or 'GRAND'. Landing this symbol awards the associated prize shown above the reels.

#### FREE SPINS FEATURE

Free spins is triggered from 3 or more scatter symbols landing anywhere on the reels. Free spins are awarded according to the following table:

Scatter symbols landed	Free spins awarded
3	10
4	15
5	25

During free spins, after the initial payout, three or more reels containing zebra symbols will form wins even if they are not on consecutive reels.

#### RETRIGGER

3 or more scatter symbols landing anywhere on the reels in free spins awards more free spins. The number of free spins awarded is the same as the base game, as shown in the above table.
