Auto spin is not available in mini format.

MultiWay Xtra Feature

With the **MultiWay Xtra** feature, there are 720 ways to win on every spin. **MultiWay Xtra** wins pay for matching symbols in any position in adjacent columns, starting from the leftmost column or the rightmost column. More than one matching symbol in the same column multiplies the award. The Wild symbol substitutes for all symbols except for the Wheel of Fortune, Scatter and Bonus symbols. Only the highest paying **MultiWay Xtra** win for each symbol is paid per spin.

Example of a **MultiWay Xtra** payout:

The following diagram shows a sample reel outcome using the Orange symbol. Because there is at least one Orange or Wild symbol in each of the first four columns, the player has won the 4 Orange **MultiWay Xtra** win which pays 15 coins per way.

Payout example: 1 x 2 x 3 x 1 Orange → 6 winning ways:

Column 1	Column 2	Column 3	Column 4	Column 5
		Wild	Orange	
Orange		Wild		
	Wild	Wild		
	Wild			

1 Orange 2 Orange 3 Orange 1 Orange

To determine the payout for this combination:

1. Count the number of Orange and Wild symbols in each column.
2. Calculate the total number of winning ways ($1 \times 2 \times 3 \times 1 = 6$).
3. Multiply the number of ways by the 4 Orange symbol win ($6 \times 15 = 90$). The win is 90 coins.

The actual amount won in currency is based on the coin value.

Mini Wheel Bonus

The **Mini Wheel Bonus** is triggered when 3 or more Scatter symbols appear in any position on the reels.

The symbols that triggered the bonus immediately turn into wheels that begin spinning at the same time.

The wheels stop in order from left to right.

Indicated values on the wheels, after they stop, are added together and then multiplied by the triggering coin value to determine the total win of the bonus.

Each reel has a different wheel associated with it.

Mini Wheel Bonus wins are independent from *MultiWay* wins and are added to the total amount paid.

Triple Extreme Spin Bonus

The bonus is triggered by 3 or more Bonus symbols appearing in any positions on the reels.

12 envelopes are displayed after entering the bonus.

Select a number of envelopes equal to the number of triggering symbols for the bonus. Each selected envelope awards a pointer for either the blue, red, or yellow wheel.

Each wheel has 3 pointers and any selected pointers after the first 3 for a particular wheel pay a predetermined amount.

If no pointers for the red or blue wheels are selected, the center pointer on the red wheel is awarded.

When all the awarded selections have been exhausted, the wheels are spun.

The blue and red wheel contains pay values while the yellow wheel contains multiplier values.

The bonus pays the sum of all values on slices aligned with active pointers on the blue and red wheels, plus any overflow values awarded during the pick bonus, multiplied by the sum of multiplier values on the yellow wheel aligned with active pointers, times the triggering coin value.

Bonus symbols appear on reels 2, 3, and 4 only.

Rules

Misuse or malfunction voids all pays and plays.

MultiWay Xtra wins pay for the same symbol in any position in adjacent columns.

Same symbol in same column multiplies win.

MultiWay Xtra wins pay left to right and right to left.

Only the highest paying ***MultiWay Xtra*** win for each symbol is paid per spin.

Coinciding **MultiWay Xtra** wins from different symbols are added.

MultiWay Xtra wins are multiplied by the coin value.

Wild symbol appears on reels 2, 3, and 4 in the base game.

In the Mini Wheel Bonus, the odds of an outcome in which all 5 Mini Wheels are triggered, and each wheel lands on its highest value, are 1 in 54 trillion.

Wins are shown in currency.

The prizes are paid in accordance with the payout table available on the game interface.

Any game in progress for more than 30 days will be cancelled, and the corresponding bet will be refunded.

In some jurisdictions, regardless of bet size, there is an award cap on any single transaction. See the paytable for details. A transaction includes the results of the *Triple Extreme Spin Bonus* plus the outcome which launched the bonus.

Additional Information

Expected Payback

In accordance with fair gaming practices required in most legal jurisdictions worldwide, each and every game outcome is completely independent, except in cases where one spin unlocks a feature for a subsequent spin or series of spins, per the game rules. The odds of getting any particular outcome are always the same.

The odds do not vary based on prior outcomes, bet size, balance size (except the jackpots), time of day, day of week, etc. For example, if the top award is won on a given play of the game, the chances of winning the top award on the next play are exactly the same. Likewise, prior losses do not change future odds.

The expected payback reflects the theoretical return across a very large number of plays by numerous players over an extended period of time. The results for any given player over a play session can vary widely from this long-term, expected average in either direction. The fewer the number of games played, the wider the normal variance of actual payback you may experience.
