# QUICK START

Game starts by setting a selected Bet amount and by pressing the Spin button. Round ends when reels stop and there are no wins, or after the win presentation if there are wins.

# GAME MENU

Game menu contains options and settings that control some of the game features:

- History - Displays previous rounds from the current session
- Close Game - Closes the game client
- Sound - Controls the Sound FXs in the game (on/off)
- Music - Controls the Music in the game (on/off)
- Left Hand Mode (where available) - Controls the position of the UI on Mobile devices
- Vibrate (where available) - Controls the vibration on the Mobile devices (on/off)

Game is paused while the menu is visible and can be closed by pressing the Close button or anywhere on the screen.

# BET SELECTION

Game starts with a default Bet amount set for the game. Player can change the Bet amount by either:

- Using Plus and Minus buttons next to the Bet Amount
- Pressing the Bet amount where Bet Amount selector will open up

Bet amount cannot be changed during a game round and if there is a win presentation happening, changing bet Amount will reset the presentation.

# MALFUNCTION

A malfunction of the game voids all pays. In case the game round is interrupted, it can be restored by simply starting the game again. If it is not restored, the round is voided within the jurisdictional requirements or operator's policy and their terms and conditions.

Any game in progress for more than 30 days will be cancelled, and the corresponding bet will be refunded.

The prizes are paid in accordance with the payout table available on the game interface.

In this game, the Bonus wheel is a graphic animation used for entertainment purposes and should not be used to estimate your chances of winning.
