THE WHEEL BONUS FEATURE

Here the player gets one lucky spin to determine their prize. Segments of the wheel include 17 immediate pay cash prizes, up to 500x their bet. You may also be awarded the VAMPIRE TOWER FEATURE or the VEGAN FREE SPINS FEATURE.

VAMPIRE TOWER FEATURE

The player will be presented with a 5-floor tower, with several windows on each floor, of which they must pick/reveal. The player must start at the bottom floor and proceed to the top, choosing windows one at a time. There are 3 types of hidden prizes in each window shown in the table below:

Cash prize

Cash prize and advance to next floor

Cash prize with trigger

If the trigger symbol is chosen, players have only one attempt to find the advance symbol. If they reveal anything other than this symbol the game will award the player collected winning up until that point and end the game.

VEGAN FREE SPINS FEATURE

The player will be granted 10 free spins. Before the free spins sequence begins, an ordinary symbol will be chosen to randomly act as a special expanding symbol during the duration of the feature. After prizes for regular winning combinations have been recognised, the special symbol may expand to cover all positions on its reel. The special symbol will expand only when additional prizes can be awarded along pay-lines for winning combinations. Expanded symbols do not need to appear adjacent to each other to result in a winning combination.

The definition of such a malfunction extends to an error in the published odds or pay tables, or a game not working in accordance with its published rules.
