BETTING LIMITS

Minimum bet per play: **50¢**
Maximum bet per play: **\$25**

HOW TO BET

Bets are fixed, at 50 coins per game, for 720 ways to win.

Click on the button “+” or “-”, to the right and to the left of the current coin value, to increase or lower that value, until you reach the desired amount, within the bet limits for this game (see above). Several coin values are available, comprised between 1¢ and 50¢ (1¢, 2¢, 3¢, 5¢, 10¢, 20¢, 30¢, 50¢).

HOW TO PLAY

The symbols will scroll vertically on all 5 reels. When the reels stop, if they display one or more winning combinations, the corresponding payment is awarded.

Winnings are awarded for combinations of identical symbols appearing on 3 or more adjacent reels, regardless of their position on these reels, from left to right starting with the leftmost reel, or from right to left starting with the rightmost reel, or 3 or more scattered symbols, anywhere on the reels (see details below).

When you obtain winnings, whether during the main game or a Bonus round, you can press the central button (**SKIP**) to skip the win animation and get back to the **SPIN** mode more quickly.

Click on **INFO** for more information about possible winnings.

At the end of a game, if winning combinations have been obtained, they are highlighted and the corresponding winnings are paid to your Espacejeux account.

All winnings are multiplied by the coin value, except scattered winnings, which are multiplied by the total bet.

Only highest paying combination for each symbol is paid per spin.

The prizes are paid in accordance with the payout table available on the game interface.
