INTRODUCTION

4 FANTASTIC LOBSTERS™ is a 6x4 4,096 Ways slot created by 4ThePlayer.com. Ways removes paylines making it easier to see where the win is.

Land Lobster symbols as a Way Win to be awarded their cash prizes! Reel in the Respin Bonus and net as many Lobster symbols as you can – watch out for the shark who will collect and multiply your wins! Will you get a helping hand from the squid as it swaps Lobsters to create more wins, or from the Crab symbols that will scuttle onto the reels to create or improve wins? Catch the tastiest Lobsters in the Pick-A-Win bonus, and watch out for 1 of 4 Giant Lobster prizes in the base game or the bonuses!

HOW TO PLAY

The player chooses their bet amount using the + and - buttons. All wins are multiplied by the bet. For details on win payouts see the game payable.

To play the game, the player presses the SPIN BUTTON. If playing on PC and if enabled in the game options menu, the space bar can also be used to spin the reels.

Winning symbols are raised over the reels when the spin stops.

Wins pay from left to right. In the BIG REEL Portrait Mode™, wins pay from top to bottom.

MONEY WAYS

Lobster symbols can land in view on any reel. Lobster symbols land with cash prizes attached to them, and can win as per any other normal way win, on adjacent reels from left to right starting with the first reel. When a win occurs, any Lobster symbols involved in the win will award the total prize shown on the symbol.

SYMBOLS

WILD

The Wild symbol substitutes for every symbol apart from scatters.

The Wild symbol can appear on any reel, but cannot appear on the first 2 reels simultaneously.

RESPIN SCATTER

3 Respin scatters in view will award the Respin Bonus.

These scatters can land on any reel.

PICK-A-WIN SCATTER

3 or more Pick-A-Win scatters in view will award the Pick-A-Win Bonus. You will win the same number of picks as scatters that triggered the bonus.

These scatters can land on any reel.

BIG LOBSTER PRIZES

Big Lobster Prizes can land on reel 6. They will award one of 4 large prizes if they are involved in a Lobster symbol way win.

RESPIN BONUS

3 Respin scatters in view will award the Respin Bonus.

Each reel that a scatter lands on will be open; all other reels will be closed.

Any Lobster symbols that land on the triggering spin will be locked on the reels, regardless of whether they land on a reel that is open or closed.

All symbol positions will spin and any new Lobster symbols that land on open reels will be locked in place and their cash prize awarded. Lobster symbols that land on closed reels will not be locked.

If a Respin scatter lands on a closed reel, that reel will be opened for subsequent respins. Respin scatters cannot land on already open reels.

The player will have 3 respins. If a new Lobster symbol is locked in place or a Respin scatter opens up a closed reel on a respin, the number of remaining respins will be reset to 3. When the player runs out of respins, the bonus is over.

SHARK FEATURE

If an open reel is completely filled with locked Lobster symbols, a shark will swim up that reel and collect the cash prizes from all of the Lobster symbols. The total prize will be multiplied by 2x and held in the top position of the reel; the other reel positions will then be reopened for new Lobster symbols to land in.

ULTRA (10000X) Big Lobster Prizes cannot be eaten by the Shark.

CRAB CASH PRIZES

On any spin, Crab symbols might appear:

MAIN GAME

CAN SCUTTLE SIDEWAYS ONTO THE REELS TO CREATE OR IMPROVE EXISTING WINS WITH LOBSTER SYMBOLS!

RESPIN BONUS

MOVES SIDEWAYS TO LOCK ON OPEN REELS!

GIANT SQUID BONUS

The Giant Squid can appear on any spin.

MAIN GAME

The Squid might swap symbols to create or improve a Lobster symbol win.

RESPIN BONUS

The Squid might move a Lobster symbol from a closed reel to an open reel to lock it in place.

PICK-A-WIN BONUS

3 or more Pick-A-Win scatters in view will award the Pick-A-Win Bonus. You will win the same number of picks as scatters that triggered the bonus.

You will be presented with a number of pickable objects. Each object contains a cash prize. Tapping any of the objects picks it and reveals its prize, which is then added to your total win.

When you have run out of picks, the feature will end.

HOW TO CALCULATE A WIN WITH 4096 WAYS

If any of the reels contain more than 1 instance of the symbols, the win will be multiplied. Multiply the number of symbols on each of the reels to get the final payout multiplier.

For example, if the first column contains 2 symbols, second column 3 symbols and third column 2 symbols, the payable value is multiplied by $2 \times 3 \times 2 = 12$.

The overall theoretical RTP (return to player) is 94%
