

BAR KING DELUXE

How to Play

- Bar King Deluxe is a standard 5-reel slot game with 10 winlines. All wins pay from left to right, right to left and centre outwards on each line.
- There is a scatter feature that delivers a fixed number of FreeSpins.
- The Gold Bar King symbol substitutes for other bar symbols and, as a scatter, can deliver one of three progressive cashpots.
- Each press of PLAY will action each reel to spin to a random position. Wins are paid for matching 3, 4 or 5 of-a-kind symbols.
- The player can choose their bet by pressing the '\$' icon at the side of the slot reels. The Bet will be shown in the 'Bet' meter on the panel at the bottom of the screen.
- Pressing the rotating arrow icon, above the spin button, will open a dialogue panel from which the player can access the auto plays adjuster.
Pressing the 'i' button icon, also above the spin button, will open the information from which the player can access the payable information. The player can press the arrows back and forth to access all other game information.
- Pressing the 'X' button will exit the information and return the player to the main game interface.
- Accessing the 'cog' to the bottom right of the play button will allow the player access to toggle the sounds on/off and, choose the position of the game UI. On launch of the game, the default setting will be ON & Right for sound options and UI respectively.

Features

FreeSpin trigger:

- FreeSpins are triggered by acquiring 3 'Freespin Joker' scatter symbols on any position on first, middle or last reel.
- When FreeSpins are triggered the player can win either 5, 10 or 20 FreeSpins.
- The actual number is determined via a 'pick me' event.
- FreeSpins can be retriggered within FreeSpins, adding to the remaining FreeSpins count.
- Therefore, an infinite number of FreeSpins are possible.
- Only the feature entry amount of FreeSpins are awarded on a retrigger.

Gold Bar King:

- A Gold Bar King symbol can appear on any reel.
- Due to positioning of symbols, only one will appear on any reel at the same time.
- 3 or more Gold Bar King symbols in view will award the Pot Chance Feature.

Pot Chance Feature:

- The Gold Bar King symbols will change to safe door images which can be pressed to reveal a coin.
- Each coin relates to one of the three progressive pots: Bronze, Silver and Gold. Revealing three coins of the same colour will award the associated progressive cashpot.
- Otherwise, mixed coins will award a consolation win.

Progressive Cashpots:

- A progressive jackpot win is determined through the pot chance feature (see details in the 'How to Play' section above. Jackpot wins can occur after any spin, regardless of bet size though the chances of winning will increase/decrease proportionally to the bet size.
- There are three progressive cashpots which are labelled Bronze, Silver and Gold. All players contribute to these pots on a pari-mutuel basis. Each pot will also have a base re-seed value. The cashpot seeded values are as follows:
 - **Bronze Progressive Cashpot: seeded at 500 \$**
 - **Silver Progressive Cashpot: seeded at 2,000 \$**
 - **Gold Progressive Cashpot: seeded at 10,000 \$**
- The progressive jackpots consists of a fixed minimum amount which gradually increases by a percentage of funds inputted into the game until it is won. When a jackpot is won, it is reset to the seed amount and begins to rise again.
- The progressive jackpot is available in "real play" only.
- Winning a progressive jackpot neither contributes to, or is affected by, the daily cumulative winnings limit.
- All players contribute 2.86% of each bet placed to the progressive pots on every game.
- The contributions of 2.66% from Bets on the game, are added to the pots as a percentage across the pots as
 - bronze 1.33%
 - silver 0.80%
 - gold 0.53%
- Total return to player from the progressive jackpot is 2.86%. This is split 2.66% contribution to the jackpot and 0.2% to reseeding once the jackpot has been won. This contributes to the total game return to player which is given separately
- It is not possible for two players to simultaneously win the jackpot. The jackpot is locked when it is being won. This means that no other bets will be accepted for it and only one player at a time is able to win it.
- All players are eligible to win the progressive jackpot on every game.
- The progressive jackpot is available in "real play" only.
- Jackpot prizes are awarded via bank transfer following confirmation with the games supplier and necessary identity and payment verification.
- It is not possible for two players to simultaneously win the jackpot. No other bets will be accepted on it whilst a jackpot win is in play.

Game Rules

- Only the highest win per bet line is paid.
- Line wins will pay from left to right, right to left and centre outwards on each winline.
- Adjustment of the Bet will dynamically alter the awards in the payable.

Terms and Conditions

- In the event of a game in real play being interrupted, (i.e. started but not completed due to connectivity issues or accidentally closing the browser, etc.), depending on the previous state of the game, it will either resume from the point of the last spin or display the outcome of the game already in play.
- Any winnings will be correctly credited to the player account and will be exact according to the result prior to the game being interrupted.
- In the event of a non-responsive game or problem during a spin, the game will repeat the incomplete spin and display the result to the player when the game is next launched.
- In the event of equipment failure or planned/unplanned terminations, progressive jackpot parameters, (including jackpot values and incremental percentages), are fully restored with identical parameters, after re-start.
- This game has a theoretical Return to Player (RTP) of 95.00% including the progressive jackpot.
- The maximum payout for one spin in this game is 250,000.00 \$.
