

Pirate Kingdom MegaWays™ Game Rules

- Pirate Kingdom Megaway™ is a 6-reel, 2 to 7-row video slot with win ways from 64 to 117649, featuring Wilds, x2 Wilds, Free Tumbles and Free Spins with incremental multipliers.
- Not all functions listed in the help file are available in all jurisdictions. This help file may mention functions that are not available to you.
- The prizes are paid in accordance with the payout table available on the game interface.
- You play a fixed 20 coins per spin, the total bet value is shown on the bet control.
- The spin button plays the game at the currently shown bet value.
- Winning combinations and payouts are made according to the PAYOUT SCREEN.
- Wins are calculated by: counting the number of consecutive reels with matching symbols and multiplying the relative multiplier, shown in the payout values, by the product of the number of matching symbols on each reel.
- Wild symbols count as all other symbols.
- X2 Wild symbols count as all other symbols and multiply any payout they are part of by 2.
- Multiple X2 Wild multiply each other, ie: 3 X2 wilds combine to give an overall X8.

Free Spins

- Freespins are reached by having multiple successive tumbles. A minimum of 4 tumbles is required to trigger 8 Free Spins.
- Each successive tumble after 4 awards 2 Free Spins, up to a maximum of 14
- During Free Spins, reels with 7 symbols lock at that number of symbols for the entirety of Free Spins feature.
- When a reel locks it awards 1 additional multiplier.
