## GAME DESIGN

### Game Theme and Graphics

Snake Rattle & Roll™ takes you on a journey to faraway India where you can observe the snake charmer while he arranges the symbols in the right order with great skill and patience. With a little luck he invites you on his journey across the reels where you can win additional bonuses as well as a Jackpot and you will be showered with Extra-Wilds in the ensuing Free Games!

### Main Game

Snake Rattle & Roll™ is played on 5 x 3 reels and 20 win lines. Your aim is to land 5 identical symbols along a win line. Winning combinations start on the first reel on the left and run along an active win line to the last reel on the right in the regular game. To win, the symbols must lie next to each other without any other symbols between them.

The Sliding Wild symbol will slide in a random direction substituting symbols for Extra Wilds. 'Dice' symbols are not substituted but Sliding Wilds are active across the same position. Wild symbols can appear on any reel.

### Charmer Bonus

Midway through a spin the Snake Charmer Bonus could trigger. If triggered the Snake Charmer plays his flute and adds Sliding Wilds to the reels. The Wilds will expand as usual in either direction. When the Charmer has finished playing the reels will stop as normal and the win is paid.

### Board Bonus Trigger

To trigger the Bonus Wheel you need 3 or more 'Dice' symbols anywhere on reels 1, 2, 3, 4, or 5. The more 'Dice' you get the more rolls you get on the Board Bonus:

- 3 Dice = 3 Dice Rolls
- 4 Dice = 4 Dice Rolls
- 5 Dice = 5 Dice Rolls

### Board Bonus

The player enters the Board Bonus to accumulate Free Spins and Sliding Wilds before entering Free Spins. On the way the player can collect additional cash prizes, further Dice Rolls, Free Spins and Extra Wilds. If the player lands on a ladder they go up, if they land on a snake they go down. The Board Bonus ends when the player runs out of dice rolls.

Snake Eyes on your first roll gives a chance of the snake charmer running all the way to the Jackpot.

### Free Spins Bonus Trigger

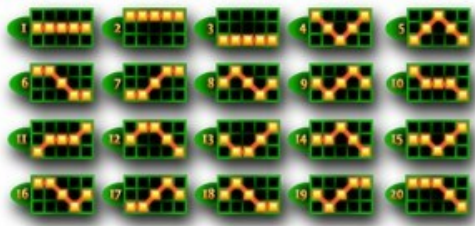

Upon entering the Free Spins Bonus the player gets to choose the type of Free Spins game he would like. The Free Spins game consists of different numbers of win lines.

- Yellow = 20
- Blue = 40
- Red = 50

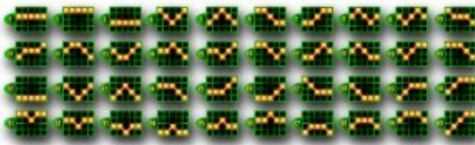

### Free Spins Bonus

When the Free Spins Bonus starts the player is awarded all the Wild symbols he has collected from the Board Bonus - they get added to the reels. A re-trigger is possible if you complete the basket trail (5 baskets required). The baskets are awarded by the 'Basket' symbols landing on the last reel only. The Free Spins Bonus is ended when the player runs out of Free Spins.
