JACKPOTS

12/12

The Grand jackpot is a combination of contributions by all players plus a base win of your total stake x1000.

The Major jackpot is a combination of contributions by all players plus a base win of your total stake x200.

Players playing the maximum stake will be eligible to win the total jackpot. Lower staking players will win a proportion of the total jackpot relative to stake placed. The amount you are eligible to win will be shown in the jackpot bank. When some or all of the jackpot is won, it is reset to the base jackpot win for your stake, plus the current total contributions you are eligible to win. It is not possible for two players to win the jackpot simultaneously. In instances of apparent simultaneous wins, the games are time-stamped and the first player to trigger the win is awarded the jackpot. Subsequent players win the base win for their selected stake, plus any new contributions. There is no ceiling value for the jackpots.

1% of every stake goes directly into the jackpots.
