

Book of Gods Help

Introducing the game

Book of Gods is a five-reel 243 ways video slot featuring Symbol Cloning from award winning slot provider Big Time Gaming.

Symbol Cloning

Each spin a special Cloning Symbol is randomly selected from 9, 10, J, Q, K and A.

After any wins are paid the Cloning Symbol is cloned to fill all positions on any reel where it occurs.

The Cloning Symbol now pays any from left to right and the Wild / Scatter continues to substitute as normal.

Feature Drop

Feature Drop symbols appear in the reels and reduce the price of the feature purchase by half stake.

The feature may be bought for the price displayed in the Feature Drop button. If the price is reduced to a zero balance the feature will automatically trigger.

In some jurisdictions and casinos, the feature cannot be bought if the price is above a purchase price limit or if feature buy is disabled.

How to play

Select your stake by clicking the left and right arrow buttons on the stake. The stake value is displayed in the stake display.

All payouts are multiplied by the stake of each individual spin.

Start the Game

Press the Play button to start the spin at the stake displayed.

A Cloning Symbol is chosen and the 5 reels will spin and then come to rest, producing the result.

Auto play

To set up Auto play press the Auto button. This will display Auto play panel which the player can use to modify the number of spins, set a loss limit or set a win limit. When a loss limit has been set the player can select Start to commence auto play.

When Auto play is on, the Play button will change to a Stop button. The remaining Auto plays will be displayed in the Stop button. The player can cancel Auto play by clicking the Stop button. Auto play will stop automatically if any of the limits set is reached or anything occurs that requires player intervention.

Auto play may not be available in your jurisdiction.
