### WINNING CLUSTERS

A symbol is part of a cluster if it lands horizontally or vertically adjacent to a matching symbol. Five or more identical symbols appearing in a cluster award a win. Winning clusters disappear to allow the above symbols to fall into place giving the chance of even more wins in each spin.

## HELP

### SPECIAL SYMBOLS AND FEATURES

#### TIKI MASKS

Four Tiki Mask symbols remain static on the reels at all times. They do not move, even if there is an empty space underneath. If there is an adjacent cluster win, these symbols will turn WILD, and the nearest Totem head will also be activated. WILD symbols substitute for all paying symbols.

#### TOTEM FRENZY - COLLECT

When 2 Totems on the same side of the reels are active, they may gather one type of fruit symbol from the reels. That fruit will not appear from the new symbols that fall during that spin. During TIKI SPINS, the fruit symbols gathered will be used to fill the progress bars.

#### TOTEM FRENZY - REMOVE

When 2 Totems from the same side of the reels are active, they may remove all symbols from the reels, and new ones will fall in to replace them.

#### TOTEM FRENZY - GENEROSITY

When 3 Tiki Masks are WILD but there is no win, there is a chance that the active totem will hit the slot and turn the final mask WILD, activating TIKI SPINS.

#### TIKI SPINS

Turning all sleeping Tiki Masks WILD awards 10 TIKI SPINS. The large Tiki mask may bump the number of TIKI SPINS to 15. Tiki mask symbols stay WILD during TIKI SPINS. Fruit symbols that form a win will contribute to their corresponding progress bar. 35 fruits are needed to fill the bar, and will be removed from the reels when the bar is filled.

### HOW TO PLAY TIKI FRUITS TOTEM FRENZY

#### Total Stake

The Total Stake is the total of stakes per line. You can adjust it at any time, using the + or – buttons.

#### Spin the Reels

If you are playing on desktop, click the Spin button or press the spacebar to spin.

Speed up each reel spin by pressing spacebar again, or by clicking on the reels. For TURBO SPIN, hold down the spacebar or the Spin button.

#### General types of games

Check the pays menu in the game payable if you are not sure of the game type.

The values related to each symbol, shown either on the slot scene or on the dedicated Symbol Wins pages of the Pays menu, represent stake multipliers and not credits.

If you are playing a Lines game, the prize value from one payline is equal to the total stake divided by the number of paylines, multiplied by the symbol multiplier advertised in the payable. Where multiple wins occur on multiple win lines, the total win values are summed. If more than one win occurs on the same payline, the largest win is paid. Each individual payline can pay only once per spin.

Example: Total stake is 2. Total paylines are 20. Symbol multiplier for length of 5 is 300. The win for 1 payline with this symbol and length would be calculated as such:  $2 / 20 * 300 = 30$ .

If you are playing a Ways, a MegaWays or a Cluster game, the prize value from one way or cluster in a Ways or Winning Clusters game is equal to the stake multiplied by the symbol multiplier advertised in the payable. Where multiple wins occur on multiple ways or clusters, the total win values are summed.

Example: Total stake = 2. Symbol win multiplier = 2. Win =  $2 \times 2 = 4$ .

During the Free Spins bonus rounds, the game uses a different set of reel strips.

If there is a Scatter Symbol in the game, all wins will be paid in addition to any other symbol wins occurring on the same spin.

Please be aware that each account allows only a single game to be played at any one time. Therefore, a game should not be played on more than one device, or multiple games on the same device simultaneously. Doing so may lead to various errors.

For the best gaming experience, use of the latest version of software is recommended.

Malfunction voids all pays and plays.

Minimum stake: \$0.10

Maximum stake: \$100

The prizes are paid in accordance with the payout table available on the game interface.

Any game in progress for more than 35 days will be cancelled, and the corresponding bet will be refunded.

## WITH PROGRESSIVES

### **Jackpot Game**

Win one of the offered jackpot tiers when three or more jackpot symbols appear on the reels or the jackpot is triggered by a game feature. Spin the jackpot wheel to determine which of the offered jackpot tiers will be won. The size of the segments on the jackpot wheel do not correlate to the odds of winning each jackpot tier represented. The chances of winning a jackpot increase in correlation with the size of the stake played. The jackpot is triggered randomly and can be won by playing any of the linked jackpot games. To win the jackpot, the player is not required to make any decision other than to spin the reels. The stake value cannot be changed during free spins. Internet connectivity issues may cause delays in jackpot messages or updates, but they do not affect actual jackpot wins. It is not possible for two players to win the same jackpot. In the event two jackpot winnings occur close to one another the jackpot will be assigned in their respective order. Due to connectivity issues the jackpot value displayed may differ from the effective jackpot value. The jackpot could be temporary deactivated, when this occurs all contributions are paused. The jackpot amount available upon reactivation will be the same as before the deactivation.

### **Progressive Jackpot**

The progressive jackpot is accumulated by all stakes on games offering these jackpots and, in some cases, the jackpots may be offered on multiple websites. A percentage of each total bet is added to a common pot. Part of this contribution is used to form the progressively increasing jackpot amounts, and the other part, contributes to a seed fund, which is the minimum amount of money guaranteed to be made available to players after a jackpot is won by qualifying players. Once the jackpot has been won, a new progressive jackpot will be made available and the process repeats. The jackpot can be triggered and won by a single spin from a single user only. This jackpot does not have a ceiling value and can be won at any time. When the jackpot is won by another player, a notification appears in the jackpot panel. Once won, the amount is transferred directly to the user wallet, even if it is won during a bonus spin.

### **Time Jackpot**

The time jackpot is a progressive jackpot which is guaranteed to pay out before a set date and time. The prize pot grows with the contributions from the stake of each spin on a jackpot game, and the closer the prize pot gets to the advertised guaranteed latest payout time, the greater the odds of winning it.

Odds increase up to 100% when the guaranteed latest payout time is reached. Once the jackpot has been won, a new time jackpot will be made available and the process repeats with a new deadline for the next guaranteed payout. The jackpot can be triggered and won by a single spin from a single user only. This jackpot does not have a ceiling but must be won before the date and time specified. When the jackpot is won by another player, a notification appears in the jackpot panel. Once won, the amount is transferred directly to the user wallet, even if it is won during a bonus spin.

### **Dynamic Jackpot Allocation**

Only the first \$2 of a stake is eligible to win the time jackpot.

Stake amounts in excess of \$2 are contributed directly to the progressive jackpot.

### **Daily Drop (time)**

Current starting value is: \$200, Next minimum starting value is: \$200

### **Super Drop (progressive)**

Current starting value is: \$5,000.00, Next minimum starting value is: \$5,000.00

The RTP shown in the game help screens includes the 3% progressive jackpots contribution.
