Unfinished Games

If your game round is disrupted, all game information and placed bets are stored until you re-open the game. You may continue your unfinished round from the point of interruption. Malfunction voids all pays and plays.

Information

Payline wins occur on the number of selected paylines, according to the information in the paytable and game rules. When winning on multiple paylines in a single game round, all winnings are added together. All winnings from Features (such as Free Spins), Bonus Games and/or Scatters (if applicable) are also added to payable wins. All winning combinations are paid out at the end of a game round. Free Spin features are played with the same bet and same number of selected lines as the game round that triggered the feature – unless otherwise stated. The bet cannot be changed during a currently running game round. Please refer to the game rules for more information. All wins pay left to right, beginning with the left-most reel. Symbol wins pay for any winning payable combination without any gaps. Only the highest win is paid per active win line.

Game Rules

City of Sound is a 5-reel video slot with 25 fixed paylines.

Land 5 Gold Records to trigger 3 Gold Re-Spins, where only Gold Records & Gold Record Case can land. Gold Records will remain on the reels until the end of the feature. If a Gold Record lands, then the remaining Gold Re-Spins are reset to 3. Once Gold Re-Spins concludes all values of the Gold Records on the reels will be paid out. Each Gold Record will randomly have one of the following values (x total bet): 1x, 2x, 3x, 4x, 5x, 6x, 7x, 8x, 10x, 12x, 16x, 20x, 30x, 40x, 50x, 60x, 80x, 100x, 150x, 200x, 300x, 400x, 500x, 1000x.

Landing a Gold Record Case will award the total value of all Gold Records currently on the reels. During Gold Re-Spins, Gold Record Case symbols are not locked after landing and still contribute to resetting Gold Re-Spins to 3.

If Gold Records fill all symbol spaces the 1000x total bet Golden Prize is awarded, in addition to all values on the Gold Records on the reels.

If Gold Records land without Gold Record Case or activating Gold Re-Spins, the Gold Records will be collected into the Gold Record Stack. Whenever this occurs, there is a chance that the Gold Record Stack fall and award the player with a Win Prize. The amount the player can win, and the chance of the Gold Record Stack falling is not affected by the amount of Gold Records collected.

Land 3 Scatters to trigger 5 Mega Free Spins. The Mega Symbol will land on a random position on every spin. Mega Free Spins can be re-triggered by landing the Mega Scatter. Mega Free Spins has a cap of 45 Spins.

Gold Re-Spins can be triggered in Mega Free Spins by landing the Mega Gold Record. This will then break down into 9 Gold Records with random values. Gold Re-Spins will play out, then the game returns to the Free Spin where Gold Re-Spins was triggered.

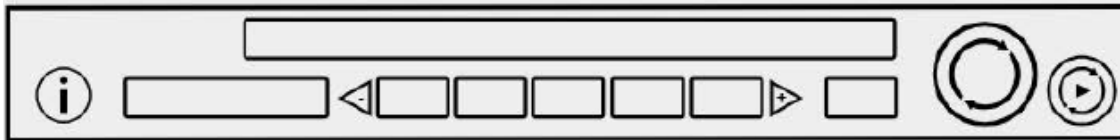

The average RTP is 96.30%. RTP is achieved through participation.

Bets are selected using the bet buttons. Click the plus and minus buttons to change the bet one step at a time. To start the round, click SPIN. When the reels stop, the symbols displayed determine your prize according to the paytable.

Any combination of wins, resulting from a single game cycle, including the results of any possible triggered bonuses, is capped at a maximum of 4000 times total bet.

- Auto adjust bet - Automatically reduces the total bet when starting a new spin, if the balance is too low to initiate a spin at the current bet level. The reduced total bet selected will be the highest possible bet and will be lower than the selected bet size when autospins was initiated. The bet will be decreased only and will not return to its original amount following any wins that would allow the initiating bet size to be resumed.
