

WILD SYMBOL

Substitutes for all symbols except Bonus Scatter.  
 Appears on all reels in the base game and on reels 2,3,4 and 5  
 in the Free Spins Bonus.  
 During Free Spins any wild in view will lock in place until the  
 bonus is completed.

## WIN LINES

All games are played with 50 win lines.  
 Wins can occur across any or all of the win lines.  
 Only the highest award is paid per winning combination.  
 All wins pay left to right across adjacent reels, except Bonus, starting from the leftmost reel.  
 Wins on different played lines are added.

## BIG BONUS ENTRY

Bonus symbols appear on all reels in the base game.

Landing 3 or more bonus symbols anywhere in view starts the Big Bonus.

The starting Big Bonus value will be determined by the pick me round.

With 3 Bonus Symbols the Big Bonus value can be 20X, 25X, 30X, 50X or 100X.

With 4 Bonus Symbols the Big Bonus value can be 25X, 30X, 50X or 100X.

With 5 Bonus Symbols the Big Bonus value can be 30X, 50X or 100X.

With 6 Bonus Symbols the Big Bonus value can be 50X or 100X.

## BIG BONUS MATCH 3 PICK ME

In the Big Bonus match 3 game you will determine the Big Bonus value.

The game will change to show 6, 9, 12 or 15 identical tiles depending on the number of bonus symbols used to trigger the bonus.

Selecting these symbols one at a time will uncover a Big Bonus gem.

Every gem will add to the Big Bonus trail. Once you find 3 matching gems you start the bonus with the corresponding Big Bonus value and the current Big Bonus trail.

## FREE SPINS INFORMATION

The Big Bonus trail is carried over from the pick me round.

Landing Big Bonus Booster gems on reel 6 add to the trail.

Filling the active trail segment with Big Bonus Booster gems upgrades the Big Bonus Value.

Only gems from the active trail segment will appear on reel 6.

During free spins, any wild symbol that lands in view will lock in place and remain in that position until free spins have ended.

The free spins will continue until a win which is greater than or equal to the Big Bonus Value is achieved.

## Fortune Bet

The Fortune Bet mode can be activated by pressing the Fortune Bet button.

The spin button is used to play Fortune Bet.

During fortune bet the bonus is awarded 50% more frequently.

The awards, Big Bonus value, gamble entry and big win thresholds remain the same as the base bet.

## Bonus Buy

The Bonus Buy mode can be activated by pressing the Bonus Buy button.

Bonus Buy allows direct entry into the Big Bonus in exchange for 90X bet.

Buying the bonus will force in at least 3 Bonus symbols in view.

All wins are multiplied by the base bet.

## GAMBLE

The gamble can be configured to be on, on if the win is greater than or equal to 5x bet, or off.

If the gamble is on, any winnings awarded during the game will offer the gamble feature. If the gamble is on and if the win is greater than or equal to 5x bet, any winnings greater than or equal to 5x bet awarded during the game will offer the gamble feature. The gamble entry trigger is based on the base bet before any bet multipliers are applied.

When the gamble is entered, two wheels are presented. The left wheel offers the chance to increase the winnings by one half, double the winnings, or triple the winnings.

The right wheel offers the chance to win entry to the Big Bonus. The win value can be adjusted by pressing the '-' and '+' arrows, this in turn will adjust the winning and losing segments of the wheel.

Press either wheel during the feature to gamble your winnings and spin the pointer.

If the pointer stops on the green segment, the cash value or Bonus is awarded.

If the pointer stops on the red segment, the player loses their winnings and exits to the base game.

When the potential winning area of the gamble wheel is at its minimum size the chance of success could be significantly less than the visual representation shown.

Winnings can be gambled up to a maximum win amount of x2500 base bet or \$500,000.00, whichever is the lower value. Once the maximum win amount is reached, winnings are automatically collected and the gamble will be exited.

A maximum of 6 Scatters can be achieved in the gamble for Bonus wheel. Once this is reached, the Bonus wheel is disabled, while the player is still able to gamble on the Cash wheel.

Press the 'COLLECT' button during the feature to collect your winnings.

The expected payback for the gamble game is 100%

# SPIN CHANCE

Spin Chance is triggered automatically if the credit is reduced below the current price of play, yet is still greater than zero.

Spin Chance offers the player an opportunity to wager their remaining credit in an attempt at winning an additional base game spin at the current bet.

To play Spin Chance, select the 'PLAY' button to begin moving the pointer across the meter.

Alternatively, select the 'NO THANKS' button to exit Spin Chance with the remaining credit.

If the pointer stops on the green segment, a spin at the current bet is awarded and plays automatically.

If the pointer stops on the red segment, the player loses any remaining credit and exits to the base game.

The red and green segments are proportional to the amount of credit in relation to the current bet.

The chance of winning a spin is determined by this ratio.

## MAIN GAME CONTROLS

**SPIN**

Press to start playing at the current bet value.

**BET**

Pressing once will open bet window for you to adjust your bet amount.

**AUTOPLAY**

In the Autoplay options panel, select the number of autoplay and loss limit amounts. Autoplay countdown is automatic.

Speeds up reel spins. Press to enable Turbo mode on/off.

### SPACE BAR

The SPACE BAR key on the keyboard can often be used as an alternative for pressing the primary on-screen button.

### SLAM STOP

During a regular spin, pressing anywhere on the screen whilst the reels are spinning will cause them to land quicker. This does not impact the outcome of the game.

## GENERAL INFORMATION

### GAME RECOVERY

In the event of an unexpected interruption / termination of a real play game, the game will recover to the last known state.

### BET INFORMATION

The minimum bet available is \$0.10 per game. The maximum bet available is \$27,000.00 per game.

### PAYBACK INFORMATION

The player's odds of getting any particular outcome are always the same.

Any combination of wins in a single game is limited and will not exceed \$500,000.00 excluding jackpots. It may not be possible to reach this limit in a single game from every bet configuration.

The theoretical average return to player (RTP) for this game is 94.50%.

The RTP reflects the theoretical return across a very large number of plays over an extended period of time, and represents the long-term expected payback of the game which has been calculated by an independent testing company, in accordance with the required regulations.

The outcome of any play during the game is pre-determined. Player choices do not affect the outcome of the game unless indicated.

Malfunction voids all pays and plays.
