Rules

Misuse or malfunction voids all pays and plays.

The prizes are paid in accordance with the payout table available on the game interface.

Any game in progress for more than 30 days will be cancelled, and the corresponding bet will be refunded.

All line win symbols must appear on a played line and on consecutive reels, beginning with the far-left reel.

Only the highest winner is paid on each payline. Line wins are multiplied by the coin value on the winning line. Coinciding line wins on different paylines are added.

Only the highest scatter win is paid per Scatter Symbol. Coinciding scatter wins from different Scatter Symbols are added. Scatter wins are multiplied by the total bet.

Scatter wins are independent from line wins and are added to the total amount paid.

Bonus wins are independent from line wins and are added to the total amount paid.

Wins are shown in currency.

In some jurisdictions, regardless of bet size, there may be an award cap on any single transaction. See the paytable for details. A transaction includes the results of the bonus, plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately.
