Spin Chance offers the player an opportunity to wager their remaining credit in an attempt at winning an additional spin at the current bet.

To play Spin Chance, select the 'PLAY' button to begin moving the pointer across the meter.

Alternatively, select the 'NO THANKS' button to exit Spin Chance with the remaining credit.

If the pointer stops on the green segment, a spin at the current bet is awarded and plays automatically.

If the pointer stops on the red segment, the player loses any remaining credit and exits to the base game.

The red and green segments are proportional to the amount of credit in relation to the current bet. The chance of winning a spin is determined by this ratio.
