

AWARDS

← INSPIRED

1001 Arabian Nights
+ PAYS™

Match 2, 3, 4 or 5 symbols across adjacent reels on a valid win line, starting with the leftmost reel, to achieve a win, except for Win & Spin symbols.

PLUS PAYS

All games are played with up to 8575 ways to win.
Only the highest award is paid per winning combination.
Wins on different winning combinations are added.

All wins pay left to right across adjacent reels, starting with the leftmost reel regardless of size.
The award is multiplied by the number of symbols that occur per reel in the winning combination.
The Extra Reels adds an extra symbol at the top and bottom reels 2, 3 and 4.
Payouts are multiplied by the base bet.

WINNING GAME

NON-WINNING GAME

CASCADES

During the base game, every winning symbol is part of a Cascade. Cascade symbols are replaced by new symbols coming from above on the reels, from the right on the top Extra Reel and from the left on the bottom Extra Reel.

MYSTERY SYMBOLS

Mystery symbols can land anywhere in view in the Base Game only.

All Mystery symbols in view change into one of the following symbols at random:

WIN & SPIN BONUS

The Win & Spin appears on all vertical reels in both the base game and Win & Spin Bonus.
The Win & Spin symbols do not appear on the horizontal Extra Reels.

6 or more Win & Spin symbols in any position will start the Win & Spin Bonus.

Win & Spin symbols will show a cash value or Jackpot.

The available Jackpots are Mini, Minor or Major.

The Mini Jackpot award is 10x bet. The Minor Jackpot award is 25x bet. The Major Jackpot award is 50x bet.
The possible cash values are 1, 2, 3, 4, 5, 6, 7, 8, 12, 14, 16, 18, 20, 24 and 30x the current bet in normal game mode.

The values are only awarded in the Win & Spin Bonus.

WIN & SPIN BONUS

6 or more Win & Spin symbols in view during the base triggers the Win & Spin Bonus.

All Win & Spin symbols stick on the reel during the bonus game. Only Win & Spin and Lamp symbols can land during the bonus game.

3 Spins are awarded at the start of the bonus game. Each new Win & Spin symbol or successful lamp bonus awarded resets the number of spins to 3.

The bonus continues until the player has no spins remaining or the entire grid is filled with Win & Spin symbols.

When the bonus ends the value of all Win & Spin symbols are summed, and the total win is paid.

If all 25 horizontal positions are filled with Win & Spin symbols the Grand Jackpot is awarded in addition to the total win.

WIN & SPIN BONUS LAMP

During the Win & Spin bonus only Lamp Symbols can land on the Extra Reels.

The top reel contains the top half of the lamp, the bottom reel contains the bottom half of the lamp. Landing lamp symbols in the top and bottom reels in a single spin awards the lamp modifier.

The lamp modifier will award one of the following boosts.

Genie-Ous Jackpots - Randomly upgrades 3 Win & Spin symbols to Jackpots. If the selected Win & Spin symbol is already a Jackpot it will upgrade that symbol to the next highest available Jackpot.

Plentiful Palaces - Randomly adds 3 Win & Spin symbols to the reels.

Sultans Stash - Adds a collector to the reels. This collects the total value of all Win & Spin symbols and collectors in view.

Treasure Top Up - Randomly adds 5x, 10x or 25x to 3 Win & Spin symbols on the reels.

Awarding the lamp modifier resets the number of spins to 3.

FORTUNE SPINS

The Fortune Spins mode can be selected via the Fortune Spins Button.

During Fortune Spins only the Win & Spin symbols are available in exchange for an enhanced chance to trigger the Bonus. Landing 6 or more Win & Spin symbols in view will trigger the Win & Spin bonus.

The possible cash values are 1, 2, 3, 4, 5, 6, 7, 8, 12, 14, 16, 18, 20, 24 and 30x the current bet in fortune spins game mode.

The Fortune Spins bonus entry frequency is 1 in 60.

GAMBLE

The gamble can be configured to be on, on if the win is greater than or equal to 5x bet, or off.

If the gamble is on, any winnings awarded during the game will offer the gamble feature.

If the gamble is on and if the win is greater than or equal to 5x bet, any winnings greater than or equal to 5x bet awarded during the game will offer the gamble feature.

When the gamble is entered, two wheels are presented. The left wheel offers the chance to increase the winnings by a half, double the winnings, or triple the winnings.

The right wheel offers the chance to win the Win and Spin bonus. The win value can be adjusted by pressing the '-' and '+' arrows, this in turn will adjust the winning and losing segments of the wheel.

Press either wheel during the feature to gamble your winnings and spin the pointer.

GAMBLE

If the pointer stops on the green segment, the cash value or Win & Spin are awarded.

If the pointer stops on the red segment, the player loses their winnings and exits to the base game.

When the potential winning area of the gamble wheel is at its minimum size the chance of success could be significantly less than the visual representation shown.

Winnings can be gambled up to a maximum win amount of x2500 bet or \$500,000.00, whichever is the lower value. Once the maximum win amount is reached, winnings are automatically collected and the gamble will be exited.

The available gamble levels are Win & Spin, Win & Spin + Mini, Win & Spin + Minor, Win & Spin + Major and gamble to Grand Jackpot. Once this is reached, the Win and Spin wheel is disabled, while the player is still able to gamble on the Cash wheel.

Press the 'COLLECT' button during the feature to collect your winnings.

The expected payback for the gamble game is 100%

SPIN CHANCE

Spin Chance is triggered automatically if the credit is reduced below the current price of play, yet is still greater than zero.

Spin Chance offers the player an opportunity to wager their remaining credit in an attempt at winning an additional base game spin at the current bet.

To play Spin Chance, select the 'PLAY' button to begin moving the pointer across the meter.

Alternatively, select the 'NO THANKS' button to exit Spin Chance with the remaining credit.

If the pointer stops on the green segment, a spin at the current bet is awarded and plays automatically.

If the pointer stops on the red segment, the player loses any remaining credit and exits to the base game.

The red and green segments are proportional to the amount of credit in relation to the current bet.

The chance of winning a spin is determined by this ratio.

BONUS BUY

Bonus Buy allows the player to purchase direct entry to the Win & Spin bonus.

Purchasing the feature immediately starts a game that guarantees at least 6 Win & Spin scatter symbols to land in view.

Bonus Buy is purchased for 65x the current bet.
Feature awards are determined by the current bet.

The possible cash values are 1, 2, 3, 4, 5, 6, 7, 8, 12, 14, 16, 18, 20, 24, 30 and 101x the base bet in bonus buy mode.

The average payback for an individual game cycle in the Bonus Buy mode is 94.50%.

MAIN GAME CONTROLS

SPIN

Press to start playing at the current bet value.

BET

Pressing once will open bet window for you to adjust your bet amount.

AUTOPLAY

In the Autoplay options panel, select the number of autoplay and loss limit amounts. Autoplay countdown is automatic.

FORTUNE SPINS

(If Available)

Press to enable Fortune Spins mode on/off.

SETTINGS

Press to access game settings and game information.

GAME HISTORY

Press to see your play history.

SOUND

SOUND

Press to enable sound on/off.

TURBO

TURBO

Speeds up reel spins. Press to enable Turbo mode on/off.

SPACE BAR

The SPACE BAR key on the keyboard can often be used as an alternative for pressing the primary on-screen button.

SLAM STOP

During a regular spin, pressing anywhere on the screen whilst the reels are spinning will cause them to land quicker. This does not impact the outcome of the game.

GENERAL INFORMATION

<p>GAME RECOVERY</p> <p>In the event of an unexpected interruption / termination of a real play game, the game will recover to the last known state.</p> <p>BET INFORMATION</p> <p>The minimum bet available is \$0.10 per game. The maximum bet available is \$6,500.00 per game.</p> <p>PAYBACK INFORMATION</p> <p>The player's odds of getting any particular outcome are always the same.</p> <p>Any combination of wins in a single game is limited and will not exceed \$500,000.00 excluding jackpots. It may not be possible to reach this limit in a single game from every bet configuration.</p>	<p>The theoretical payback for an individual game cycle in the standard game mode is 94.50%.</p> <p>The RTP reflects the theoretical return across a very large number of plays over an extended period of time, and represents the long-term expected payback of the game which has been calculated by an independent testing company, in accordance with the required regulations.</p> <p>The outcome of any play during the game is pre-determined. Player choices do not affect the outcome of the game unless indicated.</p> <p>Malfunction voids all pays and plays.</p>
